The U S Diagnostic Centre located at **594, Jessore Road as Head Office with extension at 46, A.M. Bose Road, Kolkata- 700074** is authorized by the State Medical Faculty of West Bengal to conduct the 2-year D.M.L.T. course for all those interested in pursuing a career in laboratory technology. We provide excellent services such as AC class rooms, library & lab-facilities, and a congenial atmosphere, for learning and overall development. With an esteemed faculty alongside skilled administrative personnel, our goal is to ensure that our standards in all medical as well as teaching and learning departments always remain high, and yet flexible enough to adjust to our constantly changing medical world. We assist in the placement of our students and are proud of all our alumni who have been gainfully employed in reputed as well as government organizations. In a fast-developing country like India, the D.M.L.T. course provides you with immense opportunities to learn and develop within the medical fraternity, while building a successful career and providing medical services to patients in need.

We assist in placement and we are proud to inform that all our past students have been gainfully employed in different organizations.

The opportunities are immense, especially in a fast developing country like India. Once you have the knowledge and certification, there are no unemployed Medical Lab Technicians except for the very few who have choose otherwise for personal reasons

Diploma in Medical Laboratory Technology (D.M.L.T.) Course:

The Diploma in Medical Laboratory Technology [Pathology, Microbiology, & Biochemistry] course trains students to become future laboratory technicians with advanced professional knowledge in diagnosis, prevention, and treatment of of patients through laboratory testing. This course which spans a period of 2-years (+ 6 months compulsory post examination training) can be pursued directly after the 10+2 level of education with Science (Physics, Chemistry and Biology). For detailed eligibility requirement, click on www.smfwb.in.
