Students take pride in a cosmopolitan milieu, in the lap of nature-making, it a unique seat of learning. The institute has a modern and spacious building covering an area of above 5000 sq m. All the classrooms are designed to ensure an enriching learning experience with comfortable sitting arrangements with extensive use of LCD projection systems to give the students a better understanding of the subject through audio-visual means. A number of state-of-the-art labs, focusing on the present day requirements of the industry, give the students an opportunity to verify what they have learned during the theory classes on their own. There are separate labs catering to the needs of the undergraduate, postgraduate and research curriculum. A commercially managed 'Students' Dairy Plant gives the students the feel of working in an industry right from the very first year of their course.
